HAND-HELD KNIFE MAINTENANCE TOOLS

Cozzini PRIMEdge® is synonymous with keeping the perfect edge on your knives. Especially designed for meat processing or food preparation lines, these innovative tools restore and straighten your knife's edge. The honing rod steels the blade while the alignment element balls straighten the cutting edge. Whether you use a short boning knife or long butcher knife, Cozzini PRIMEdge® keeps your blade razor sharp.

Eliminate your edge reconditioning problems with PRIMEdge® knife maintenance tools from Cozzini.
