- A few quick strokes will return your knife to peak performance.
- Straightens and prolongs the edge life of hand knives.
- All-in-one design includes honing rod and alignment elements.
- USDA and CE certified.

Hand-Held Knife Edge Maintenance Tools

PRIMEEdge is synonymous with keeping the perfect edge on your knives. Especially designed for meat processing or food preparation lines, these innovative tools restore and straighten your knife's edge. The honing rod steels the blade while the alignment element balls straighten the cutting edge. Whether you use a short boning knife or a long butcher knife, **PRIME**Edge keeps your blade razor sharp.

Eliminate your edge reconditioning problems with **PRIME**Edge knife maintenance tools.

Thickness gauge indicates when the blade needs thinning

Stainless steel rods available in coarse or smooth finish

Ceramic or stainless steel elements straighten the cutting edge

7.3" (185.42 mm)
