

SKINNER BLADES

SKINNER BLADES

COZZINIPRIMEEdge
CUTTING EDGES AND SHARPENING SOLUTIONS

Typical skinner blade profile

- Available in all sizes to fit most skinning machines.
- Precisely engineered blade geometry reduces surface friction and compression.
- Made from surgical-grade stainless steel and highly polished to a mirror finish.
- Extra-long tapered, double-angle cutting edge contributes to skinning speed.
- Stopped to a perfect, breakout-free edge.
- Finished blades are lightly coated with USDA approved mineral oil to prevent corrosion.
- Packaged in 100-blade bulk packs or 4-blade vinyl sanitary pack sleeves.
- Special sizes available on request.
- Also available: Cozzini Skinner Tooth Rollers.
 - o Highest quality, precision-machined tooth skinners/rollers.
 - o Can be resharpened numerous times.
 - o Resharpening service available.
 - o Available for most European and American brands.
- CE approved.
