CUTTING EDGES AND SHARPENING SOLUTIONS

SUG34 Stand-Up Grinder

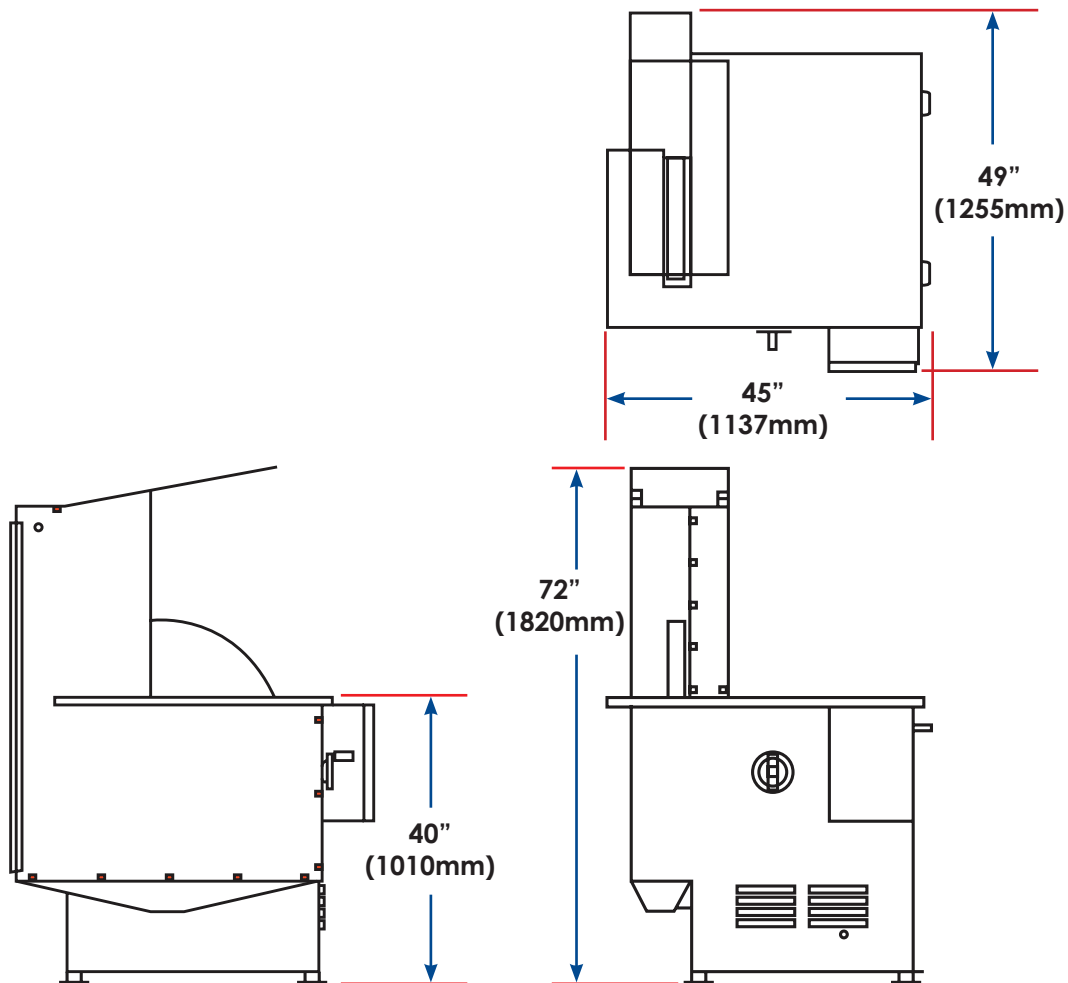

- Heavy-duty, free standing machine for manual sharpening, edging and thinning of blades.
- Equipped with Ø34" (864mm) grinding stone.
- Unique variable speed pulley design maintains surface speed of stone as it wears.
- Recirculating liquid coolant system provides burn-free and dust-free operation.
- Diamond dresser quickly trues the surface of the grinding stone for perfect, consistent grinding.
- CE approved.

SUG34 Stand-Up Grinder

For heavy-duty grinding and blade repair applications, the **PRIME**edge **SUG34** Stand-Up Grinder provides industrial-strength performance.

The **SUG34** body consists of a sturdy steel frame painted with a rust-resistant paint. The powerful 2 hp (1.5kW) motor can handle even the most demanding grinding tasks. For consistent grinding throughout the life of the stone, a variable speed pulley compensates for stone wear by automatically adjusting the surface speed of the stone as it wears. A submersible pump supplies coolant to the stone through an adjustable spray nozzle.

With all these features, you can trust the **PRIME**edge **SUG34** for your heavy-duty grinding needs.

SUG34 STAND-UP GRINDER				
Voltage	Frequency	Phase	HP	kW
220V	50 or 60 Hz	1	2	1.5
