HE1 Knife Sharpening System

Compact sharpening system for lighter duty usage sharpening up to 50 knives per day

- **HE1 Knife Sharpening System**

- For supermarkets, hardware stores and plants that sharpen 50 knives per day or less.
- Affordable, compact tabletop unit that combines honing and edging capabilities.
- Sharpens blades of any length.
- Easy assembly/disassembly and maintenance.
- CE approved.
For smaller supermarkets, hardware stores and plants that sharpen 50 knives per day or less, the PRIMEdge HE1 Knife Sharpening System is an economical, compact tabletop unit that combines grinding and honing capabilities. The low-maintenance HE1 sharpens knives of any length and ensures consistent cutting edges. Weighing only 29 pounds (13 kg) and measuring 13.3" x 12.1" x 7.5" (338 x 307 x 190.5 mm), the HE1 easily fits your workstation and your budget.
